PROFESSIONAL SUMMARY

Detail-oriented and adaptable Computer Science Engineering graduate specializing in Full-Stack Development and Cloud Technologies. Possesses hands-on experience deploying applications on Microsoft Azure and developing secure, responsive web applications using Python, JavaScript, and modern frontend frameworks. Certified by Google, Cisco, and AWS, with a proven track record of collaborative problem-solving demonstrated through hackathons and technical symposiums. Ready to deliver immediate value in Software Engineering, Cloud Support, or Associate Developer roles.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, JavaScript (ES6+)
- **Frontend Development:** HTML5, CSS3, Bootstrap, Flexbox, Responsive Web Design (Mobile-First)
- **Backend & Databases:** Python (Data Structures), REST APIs, SQL (Basic)
- **Cloud & DevOps:** Microsoft Azure (VMs, Storage, Resource Groups, IAM), AWS (Cloud Foundations)
- **Enterprise Systems:** SAP Production Planning (PP) Lifecycle, MRP, BOM, Work Centers
- **Core Concepts:** Cybersecurity Essentials, Software Development Life Cycle (SDLC), Data Privacy & Compliance

WORK EXPERIENCE

Cognizant Technology Solutions | *Virtual Internship Trainee (Cloud Infrastructure)*

Duration: 5 Months

- Architected and managed cloud infrastructure components using **Microsoft Azure**, configuring Virtual Machines, Storage Accounts, and Resource Groups.
- Deployed, monitored, and troubleshooted basic web applications within Azure environments, ensuring optimal uptime and performance.
- Implemented fundamental cloud security protocols, configuring Identity and Access Management (IAM) roles and basic virtual networking policies.
- Collaborated asynchronously to understand enterprise-level cloud migration workflows and infrastructure-as-a-service (IaaS) best practices.

KEY PROJECTS

Ensemble Deep Learning-Based Cryptocurrency Fraud Detection (*Academic Capstone*)

- Engineered a robust, multi-model ensemble deep learning framework in **Python** to detect fraudulent cryptocurrency transactions with high precision.
- Pre-processed, normalized, and analysed vast financial transaction datasets to optimize feature selection and minimize false-positive rates.
- Leveraged advanced machine learning libraries to execute model training, validation, and performance tuning.

Wikipedia Custom Search Application |

- Developed a dynamic, fully responsive search engine interface utilizing **JavaScript (ES6+)** to fetch and display curated asynchronous search results via **REST APIs**.
- Engineered a seamless, interactive user experience leveraging the CSS Box Model, Flexbox layout properties, and Bootstrap components.

Persistent Todos Tracker Application |

- Built a comprehensive task-management application implementing full **CRUD (Create, Read, Update, Delete)** operations to allow users to manage schedules.
- Utilized **JavaScript** and local storage mechanisms to ensure data persistence across browser sessions, wrapping the interface in a clean Bootstrap UI.

Food Munch Responsive E-Commerce Interface |

- Designed a highly responsive, multi-section digital storefront using a meticulous **mobile-first design approach**.
- Structured clean, semantic HTML5 elements (`<header>`, `<article>`, `<footer>`) paired with Bootstrap classes to optimize accessibility and load performance.

EDUCATION

- **B.Tech in Computer Science and Engineering** | *CGPA: 8.1*

CMR Institute of Technology, Hyderabad (2021 – 2025)

- **Industry Ready Certification in Full-Stack Development**

NxtWave Disruptive Technologies (Mar 2024 – Ongoing)

- **Intermediate (MPC)** | *Percentage: 90.2%*

Sri Chaitanya Junior Kalasala, Hyderabad (2019 – 2021)

- **Central Board of Secondary Education (CBSE)** | *CGPA: 8.3*

MGM International School (2018 – 2019)

PROFESSIONAL CERTIFICATIONS

- **Crash Course on Python** – Google
- **Cloud Foundation** – Amazon Web Services (AWS)
- **Cybersecurity Essentials** – Cisco
- **Full-Stack Specialization (HTML, CSS, Bootstrap, Flexbox, Python)** – NxtWave Academy

ACHIEVEMENTS & LEADERSHIP

- **Smart India Hackathon:** Selected and participated in the national-level hackathon, developing collaborative solutions for real-world problem statements.
- **JP Morgan Chase & Co.:** Participated in corporate-sponsored technical engagement and hackathon events.
- **Speak to Lead:** Represented at the State Level Technical Symposium, demonstrating advanced communication and public presentation skills.
- **Cultural Excellence:** Awarded multiple medals in the Art of Classical Dance, demonstrating long-term discipline, focus, and dedication.
